Farmers National Bank #1 Performing Bank in Ohio

Bank Director's 2018 Bank Performance Scorecard gives local bank high marks

(August 27, 2018)(Canfield, Ohio)- Bank Director Magazine – national publication for financial professionals – just named top performing Banks in their latest issue. Farmers National Bank, headquartered in Canfield, OH and with offices throughout northeast Ohio and western Pennsylvania—was named the 30th top performing bank in America and the number-one top performing bank in all of Ohio. The grades apply to publicly-traded banks with assets between \$1 billion and \$5 billion.

In its annual Bank Scorecard Report, Bank Director rated the country's banks on a broad range of performance measures, with particular focus on profitability, capital security and asset quality. Farmers significantly outperformed all other Ohio banks in its class to secure this year's honors.

Farmers' President and CEO, Kevin J. Helmick, says the ranking is both an honor and validation. "High performance that maximizes our value for our shareholders, customers and employees is always our priority," Helmick says. "I am continually made proud by our management team and associates for their remarkable commitment to improving and growing our local businesses and communities."

Bank Director is a renowned national publication that has served as an information resource for bank boards of directors and c-suite executives since 1991.
